

7. Brief resume of key persons, specialists, and individual consultants anticipated for this project.

**ROOF CONSULTING
SERVICES, INC.**

**GRAHAM MARSTELLER
AUTOCAD OPERATOR
PROJECT INSPECTOR**

Project Assignment: Non-Destructive Technician-Infrared & Nuclear Back-Scatter, Quality Control Full-Time Inspector, AutoCAD Operator, Field Operation Supervision, assist in creation of written reports

Education: University of Virginia, Wise - English Communications

Years Experience With This Firm: 3

With Other Firms: 2

BASIS OF TEAM SELECTION

- Secret Clearance with United States Department of State
- Worldwide Experience at Numerous State Department Facilities
- Long term experience at Department of the Navy Facilities
- Extensive Knowledge Performing Roof Condition Evaluations, Non-destructive Roof Moisture Testing and Roof Repair / Roof Replacement Design Specification Writing

Mr. Marsteller has participated in the production of AutoCAD Drawings, as well as, various report functions for completion of investigation reports. His roofing background has included non-destructive evaluations, quality control inspection and roof design projects. He has contributed to various projects on a national and international basis.

We propose Mr. Marsteller as a non-destructive technician for both infrared & nuclear back scatter, AutoCAD operator and as a quality control full time roof inspector for this project. His knowledge of various roof system types and application requirements will prove beneficial for the quality of the project. He has performed numerous non-destructive roof moisture evaluations and visual roof condition evaluations. He has also assisted with several investigations of as-built conditions for roof replacement design projects.

Mr. Marsteller was provided secret clearance with the United States Department of State for performance of roof investigations at US Embassies.
