<b>A. J. Dwoskin &amp; Associates, Inc.</b> 9302 Lee Highway, Suite 300 Various Locations Northern Virginia and Maryland	Visual Roof Condition Evaluations, Non-destructive Moisture Surveys, Roof Replacement Design and Construction Administration Services	A. J. Dwoskin & Associates, Inc. 9302 Lee Highway, Suite 300 Fairfax, VA 22031	2002 - Current	\$ 1,325,000.00	\$ 66,500.00

Ongoing various roof consulting services have been provided since 2002 involving comprehensive visual condition evaluations and non-destructive roof moisture surveys on buildings located throughout Northern Virginia and Maryland. Over one million four hundred thirty thousand (1,430,000) square feet of roof area has been inspected on 45 buildings along with the development of cost estimates and long term plans for necessary roof system repairs and/or replacements. We have also recently provided roof replacement design and construction administration for two projects and anticipate our involvement in additional roof design projects as the need is dictated by the performance of the existing roof systems.

In addition to managing total roof replacements for this client, we also provide detailed reports listing required roof system repairs that are needed to extend the service life of the existing roof systems and reduce the long term life cycle cost for the roof systems.
